

Visual Information - 1

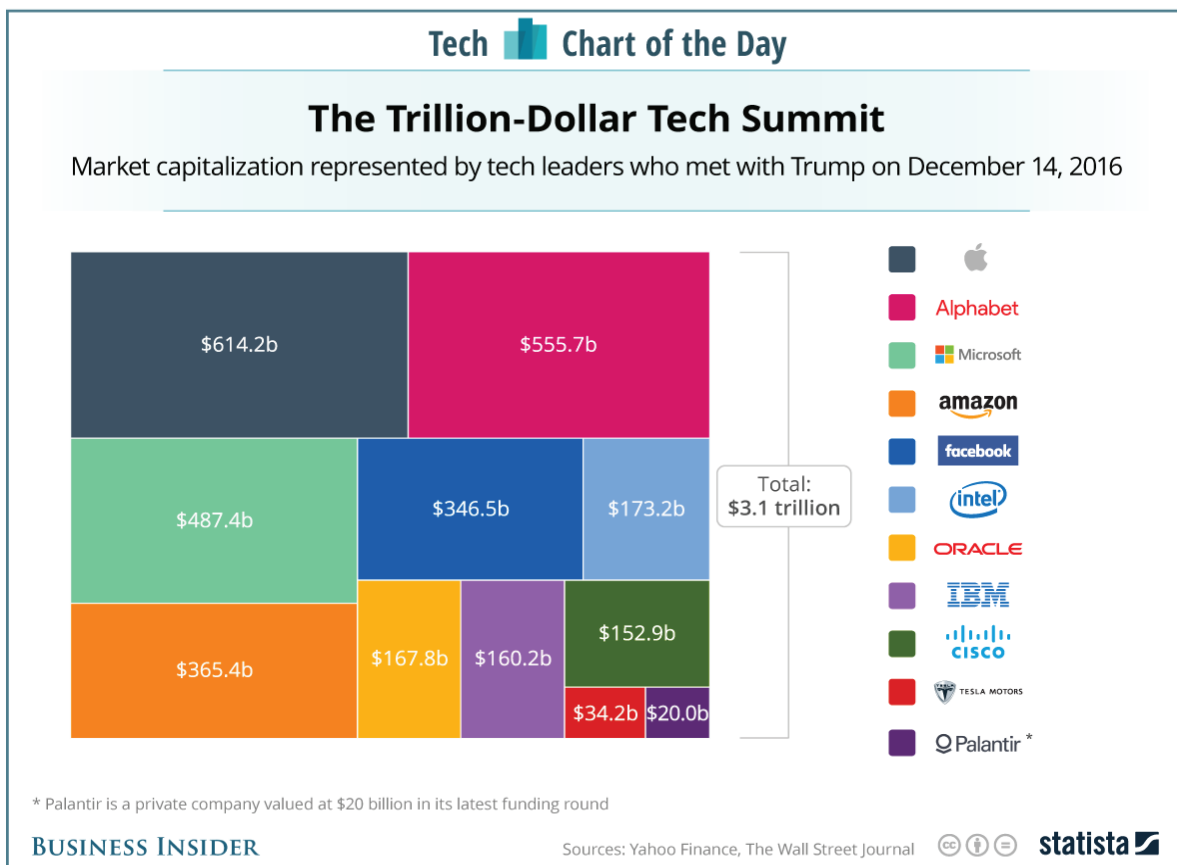

Evaluate these two examples. They are also available as image files on the workshop website - use NoCoffee or something similar to check the use of colors in each example.

Example 1: The Trillion-Dollar Tech Summit chart

Think about:

How can this information be represented differently?

Annotate the image with suggestions for improvements.

Visual Information - 2

Example 2: Glucose Tracker app

Think about:

- What do the colors mean?
- Which parts are interactive?

Annotate the screenshot with suggestions for improvements.

The screenshot shows the GlucoseTracker app interface. At the top, there's a dark header with the app name and a menu icon. Below the header, there are buttons for 'CSV', 'PDF', and 'Print'. A 'Show 10 entries' dropdown is also present. The main content area displays a list of glucose entries. Each entry has a circular icon with a plus or minus sign, a numerical value, a category, and edit/delete icons. The first entry is expanded, showing details like Date, Time, Notes, and Tags.

	Value	Category	
-	900	Breakfast	
Date: 01/11/2015			
Time: 04:24 PM			
Notes: Ate a gallon of ice cream last night and it was soooo good. But now I'm regretting it...don't do this again.
